Hitesh Rathore

1. CSS background-color

2. OPACITY / TRANSPARENCY

3. CSS BACKGROUND IMAGE

4. CSS background-repeat

5. CSS background-size PROPERTY

6. CSS background-position

7. CSS background-attachment

8 . The background-clip Property

Q What happens if an element has a fixed width and height, background-repeat: no-repeat, and the image size is: 1) smaller than the element size? 2) larger than the element size?
